RIMS Chapter Officers' Weekly Update, April 11, 2008

Chapter Officers' Weekly Update

This information bulletin is distributed weekly in an effort to reduce the amount of separate emails our chapter officers receive from RIMS.

The weekly email bulletin highlights chapter/member-related information including new benefits to chapters, changes at RIMS and upcoming events. Please review this email when you receive it to remain on the cutting-edge of what's relevant for chapters from RIMS. We would also be glad to include information from your chapter, relevant to your chapter colleagues (announcements, meetings, brief success stories); we do not intend to replace the chapter officer e-group but to supplement it. Please send your submissions to chapterservices@RIMS.org.

Another Special offer to RIMS Members:

RPost Registered E-mail services provides e-mail users with legally valid evidence of precisely what e-mail content and attachments were sent and received, by whom and when. The service closes the delivery gap in electronic communications that may result when unprotected e-mail messages are disputed with respect to content or delivery status. With new U.S. federal e-discovery rules that went in effect on December 1, 2006, RPost Registered E-mail services provide a much-needed new safeguard for electronic business communications.
