CONFERENCE AT A GLANCE.....96

Dear Risk Management Community:

We are proud to share the Conference Program for the biggest risk management event of the year! Nowhere else can you find so many educational sessions, industry resources and networking opportunities—all in one place. RIMS 2007 New Orleans is the event that could very well be a pivotal moment for your future success.

This year marks two special occasions for the Risk and Insurance Management Society. We celebrate the association's 57th year in serving the industry, and our Annual Conference & Exhibition turns 45. Many of us have seen and experienced significant evolution of the risk management role and practice as the social, political and business landscapes have dramatically changed over the years, causing priorities to shift and new risks to emerge. And throughout the decades, RIMS has endured as the industry's top gathering for information, tools and educational resources.

By referring to the Conference Highlights section of this program you will find details on the key events, sessions and speakers at this year's conference. You don't want to miss the opening reception, CEO leadership panel luncheon and special events in the grand exhibit hall. Be sure to attend the Opening Session, where you will hear from our dynamic keynote speaker—Dr. Michael Osterholm, Director of the Center for Infectious Disease Research and Policy—who will address participants on the topic of "Bracing for a Pandemic: What You Need to Know and How You Can Prepare". Other key topics to be explored at the conference include business continuity and enterprise risk management. Hot topic sessions will be announced in early 2007. What's more, we are thrilled to offer you access to nearly 400 exhibiting companies and service providers, unlimited networking and invaluable insights from industry authorities.

RIMS is honored to bring the conference to New Orleans for the seventh year in its history. We have arranged for some activities in support of New Orleans, such as a Comedy Benefit featuring Dennis Miller and a Community Service Day. We are proud to support the city and play a role in contributing to the revival of its magnificent spirit. The city's rich cultural history and infinite charm has proven to endure any challenge. New Orleans is back in business and ready to welcome you!

Please take some time to explore the conference program and discover the countless opportunities and learning experiences you can expect at RIMS 2007 on April 29 - May 3. We look forward to greeting you in New Orleans!

Sincerely yours,

Michael Liebowitz
RIMS President

RIMS 2007 Community Service Day—Join us!

*Sunday, April 29, 9:00 am – 3:00 pm
Ernest N. Morial Convention Center
Buses depart at 8:30 am to Lakeview*

While New Orleans felt the full fury of Hurricane Katrina, the images of devastation shattered us all. Although the French Quarter and downtown areas were largely spared, many areas of the city remain too ravaged for residents to return. Lakeview Parrish and the 9th Ward are among the areas still in disarray and in need of outreach—outreach you can help to provide.

Now, you have an opportunity to act in support of the residents and city of New Orleans. Join us on Sunday, April 29 from 9:00 am – 3:00 pm for the RIMS 2007 Community Service Day! RIMS has partnered with the Beacon of Hope Resource Center to help the residents of Lakeview return to their homes. Participants will paint homes, clear yards of overgrown weeds and remove dead shrubbery and tree branches. You can help to revive Lakeview Parrish, bring hope to its residents and speed their return to the neighborhood.

So take off your risk manager hat for a few hours, join your peers and take part in this community initiative. You only need to bring a pair of long pants (jeans are perfect), a long-sleeve shirt and closed-toe shoes or boots. RIMS and the Beacon of Hope Resource Center will provide the rest.

A light breakfast and boxed lunch will be provided. Opportunities to volunteer for this project may be limited. For more information about the RIMS 2007 Community Service Day and the Beacon of Hope, please visit www.RIMS.org/CommunityService.

Thank you for your support and we look forward to seeing you in New Orleans!

Mr. Maurstad will also highlight the work that has been done to bolster mitigation efforts and promote public safety in the Gulf and across the country, and explain what still needs to be done to avoid future damage and losses. Arthur J. Gallagher & Co. and the Spencer Educational Foundation, Inc. are pleased to invite you to participate in the 16th Annual Spencer/Gallagher Golf Tournament.

Like the cuisine, golf in the Gulf Coast region is exquisite, and it is fast becoming a golf Mecca in the southern United States. From the glistening early morning dew of an 8:00 am tee time to the golden rays of sun cascading through 200-year-old moss-covered live oaks at dusk, nothing is quite as stimulating as golf in the South. The courses will make you feel like a champion once you have played them.

From the carefully preserved woods and wetlands to the impeccably manicured fairways of PGA Champion David Toms' first signature golf course, **The Carter Plantation** is a spectacular 18-hole, 7,000-plus yard, par-72 golf course nestled among the distinct Louisiana landscape—moss-laden live oaks, towering pines and graceful cypress trees. The course has a Louisiana Golf Association slope rating of 140 and a course rating of 74.4 from the championship tees. Some 86 strategically placed bunkers offer surprise and challenge to the golfer. Carpeted with Tifeagle on the greens and Tifsport on the rolling fairways, each of the holes offers four or five tee positions, with water coming into play on eleven of the holes.

Originally opened in 1998, **The Oaks Golf Club** is nestled amongst majestic timberlands and native wetlands, providing one of the most unforgettable golfing experiences on the Mississippi Gulf Coast. The striking par-72 layout is highlighted by strategic bunkering, dramatic green complexes and a meandering routing, making for a serene and tranquil golf experience.

Format: Four-Person Team Scramble—form your own team or we will pair you.

Registration deadline: March 9

Fees: \$325 per person. Fee includes green fees, cart, breakfast, lunch, two mulligans, transportation, range balls and drinks on the course.

Club Rentals: Rental clubs are available at the Proshop at each course.

The Spencer Educational Foundation, Inc. appreciates the financial support of A.J. Gallagher & Co. and other loyal sponsors that hold fundraising events to benefit the Foundation. For information on sponsorship opportunities, please contact Yvette S. Gomez.
